

M805 8x8 Power Combiner

Model SA-2745-M800-25

NAME

8x8 Power Combiner

ORDER NUMBER

SA-2745-M800-25

The 8x8 Power Combiner provides the required filtering for running Span Power (+/-190 VDC) and VDSL2 copper transport over the same copper pairs. The combiner is a complete standalone unit including primary protection on all connections and a 25ft stub tail.

BENEFITS

- Enclosure is NEMA Type 3 rated
- Insulation Displacement Connector (IDC) eliminate the need to strip wires, resulting in faster on-site connections
- Primary Protectors on all Inputs and Outputs
- Provides easy and secure access via a hinged lid and snap lock

SPECIFICATIONS

DIMENSIONS (H X W X D)

345 x 292 x 130 mm
13.6 x 11.5 x 5.1 "

OPERATING TEMPERATURE

-40 to +65 *C
-40 to +149 *F

WEIGHT

without cable stub 2 kg
4.5 lbs

MOUNTING

Wall or Pole Mount

INTERFACE

25-Pair Outside Plant Cable (25 ft long)
