

# Indoor ONT Fiber Enclosure

Model SA-6003-1001

**NAME**  
**Indoor ONT Fiber Enclosure**

**ORDER NUMBER**  
**SA-6003-1001**

The Comtest Networks Indoor Surface Mount Fiber Enclosure mounts to any standard single-gang junction box or can be wall mounted. It provides a connection point and slack storage of up to 5ft of 3mm cable. The enclosure allows for fiber entry from all sides and accepts the mounting of the Adtran 411 Micro ONT, the Calix 801G GigaPoint, Calix GigaPoint GP1100X and the Calix 803G ONTs.

## BENEFITS

- Mounts to industry standard electrical/telephone boxes
- Knockout ports allow for surface mounting
- Allows adapter access from the right, left or vertically
- Slack storage up to 1.5m (5ft) of 3mm cable
- High impact, UL 94V-0 rated thermoplastic
- Low profile design adds protection of fiber

## SPECIFICATIONS
