

Deep Fiber Tray With Enclosure

Model SA-6002-0001; BP-6001-0004

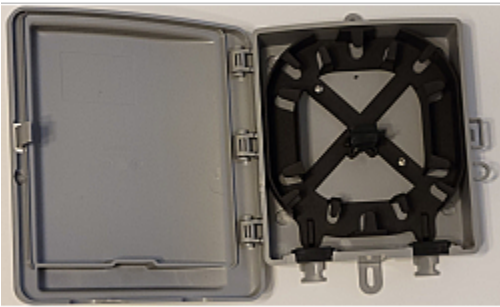

NAME
Deep Fiber Tray with Enclosure
SC/APC Coupler

ORDER NUMBER
SA-6002-0001
BP-6001-0004

The Deep Fiber Tray with Enclosure covers many options. The enclosure is designed with the standard NID mounting pattern and allows for infinite variations of internal components which allow for fiber only, the smooth transition from Copper to Fiber or utilize both at the same time.

The custom designed door allows for maximum opening with minimal clearance to an adjacent enclosure. The enclosure includes a rear access grommet and bottom entry ports which support cable entry and Opti-tap connection.

The fiber loop storage tray can accommodate up to 35ft of 4mm fiber and has mounting capability of 1-4 SC/APC bulkheads and has expansion capabilities.

BENEFITS

- Quick and easy installation
- Quick and easy configuration changes
- Innovative slack fiber management
- Multiple SC/APC Bulkheads termination locations
- Supports Opti-Tap connector
- Supports fiber and copper applications in the same enclosure

SPECIFICATIONS

DIMENSIONS (H X W X D)

184 x172 x 54 mm
7.25 x 6.75 x 2.13 "

OPERATING TEMPERATURE

-40 to +65 °C
-40 to +149 °F

WEIGHT

0.7kg
1.5lbs

SPECIFICATIONS

INTERFACE	SC/APC Bulkhead
CAPACITY	1 to 4 Fibers
