

10-Pair IDC Block

Model MRM-XX-XXX-XXX-XXX

NAME	ORDER NUMBER
10-Pair IDC Block	MRM-XX-XXX-XXX-XXX

The 10-pair IDC connector system is designed for field termination, with no tools required. The connector system facilitates both feeder and distribution connections in cross-connect, building entrance terminal and network interface applications. The symmetrical mounting provisions, dual-colored tip/ring identifiers and double-sided rockers of the module provide quick, craft-friendly installation and maintenance of terminations. A selection of stainless steel and molded backmount frames is available to accommodate pair counts ranging from 10 to 400.

BENEFITS

- Insulation Displacement Connector (IDC) eliminate the need to strip wires, resulting in faster on-site connections
- Transparent wire receivers allow visual confirmation of proper wire insertion and IDC contact before a connection is made
- Tool-less operation: finger-operated receivers and audible latch-down action eliminate problems of breakage through improper use of tools
- High Viscosity Compound (HVC) environmental encapsulation eliminates corrosion, enabling IDCs to function in high-humidity environments
- "Quiet Front" design and easy test access eliminate the need for disconnection during circuit testing

SPECIFICATIONS

DIMENSIONS	1.1 x 6.7 x 1.1 " (HxWxD) 27.9 x 170 x 27.9 mm
INTERFACE	IDCs will accommodate most wire designs with conductor sizes between 26 AWG - 22 AWG (0.4mm - 0.63mm)
COMPLIANCE	Telcordia TR-NWT-001195, TR-TSY-000975, TR-NWT-000937, CAT5 Rating, UL Listed
