

## CommScope Announces Sale of Copper Product Lines DT2, DTS, DSX, CST, GS3 to COMTEST NETWORKS

**Oct 1, 2022 - CommScope** announced today that it has agreed to sell all assets associated with its Copper Product Lines business to Comtest Networks Inc. (“CNI”). Details of the transaction remain confidential.

### About CNI

CNI enhances the experience of broadband for millions of customers around the world. With its suite of broadband products, CNI improves the quality and reliability of next-generation networks and services. CNI is located in Ogdensburg New York, Ottawa Canada and Tijuana Mexico.

### Transition Plan

All manufacturing equipment, fixtures and tooling will be transferred to the CNI to permit immediate set up, testing and re-qualification. To ease backlog transition, CNI will continue to use the same part numbers as previously used by CommScope.

During this transition, CommScope and CNI will jointly be contacting customers regarding the transition and to answer any questions or concerns.

For all forward-looking questions regarding products, commercials, quality and processes please diverted them directly to CNI.

### Copper Product Lines impacted by this sale

DSX, DT2, DTS, CST and GS3

If you have questions related to this notice, please contact you Customer Service representative at CommScope or CNI direct at [sales@cniconnect.com](mailto:sales@cniconnect.com).
