

CNI Canexsys acquires Channell Mini-Rocker

Effective immediately – CNI announced that it purchased Channell's assets associated with its Mini-Rocker copper connection business.

Transition Plan

Manufacturing equipment, fixtures and tooling have been transferred to CNI facilities. To ease the transition, CNI will continue to use the same Channell part numbers for the acquired Mini-Rocker products. All inquiries and orders should be directed to sales@comtestnetworks.com.

Products

<u>VOIP Voice Termination Box</u>		
	<u>VOIP Voice Termination Box</u>	Model: VTB-45, VTB-55
